Complicated spastic paraplegia in patients with *AP5Z1* mutations (SPG48)

In the article “Complicated spastic paraplegia in patients with *AP5Z1* mutations (SPG48)” by J. Hirst et al.,¹ there is an error in the second sentence of the introduction. The third subunit should read only “ζ” (zeta) rather than “zζ5” as originally published. The authors regret the error.
